## Local News.

Mrs. Jerry Donovan returned from a visit to Nelson, B.C., on Friday.

Albert Cole was in Rimby last week holding an auction sale.

Miss M. Bures has gone to take a business course in Alberta College, Edmonton.

Edwin Erickson has threshed a 30 acre field of oats which yielded 97 bushels, machine measure, and weighed 44 lbs. to the bushel.

Mrs. A. D. Crawford returned home from Manitoba the other day, having been called away on account of the serious illness of her father.

Mrs. A. Mallins, of Earlville, has been spending a few days in town with her uncle and aunt, Mr. and Mrs. Arthur Sayers.

J. R. Speakman was nominated as farmers' candidate for the Red Deer constituency at a convention, held at Stettler on Friday. Has Red Deer turned her back on the genial Dr. Clark?

W. J. Lorimer is enjoying a visit from his sister, Mrs. J. Slater, who may stay here during the winter. Mrs. Slater's husband is a captain on the Canadian Mercantile Fleet, with headquarters at Montreal.

Editor Saulson, of the Granum Advertiser, was beaten up by Jacob Russell, farmer, as an outcome of the editor's comments on the Clearholm situation, where Mrs. McKinney was beaten by an in dependent farmer.

Dr. Gillespie, physician, surgeon, accoucheur, is opening an office for the practice of his profession on Railway Street. Dr. Gillespie is a graduate of McGill University, Montreal, and has had ten years' successful experience in Alberta and the East. Mrs. Gillespie and little daughters will stay in the east for some time.

A. A. Cook, of the Bank of Commerce staff, has been moved to Maxville, and left for that point on Monday. Mr. Cook has been in the bank here for over two years, and has many warm friends who regret his departure, at the same time congratulations are in order on his promotion in the bank.

There should be a large attendance at the school sports on Saturday. Encourage the children by your presence. The exhibits will be placed in the curling rink, while the sports will be held on the ball grounds.

This is the month of October, and but little or no organizing has been done for the winter pastimes. How about curling, and are our young people going to have a skating rink, or will the hockey team become defunct this year? Then the Girls' Social Club and the Ladies' Bridge Club have to take shape. All the above have much to commend them in a sports or social way, only it is to be hoped that the Bridge Club will be careful and not play for too high stakes.

H. H. Collins was a business visitor in Edmonton Saturday.

J. W. Santee left on Sunday for South Dakota on a business trip.

Nine divorces were granted in Alberta last month. If the truth was known that is positively not enough.

A large number of Saskatchewan farmers are applying to the department of the attorney-general for permission to thresh on Sundays for the remainder of the season, in spite of the provisions of the Lord's Day Alliance Act.

A number of Ponoka ladies motored to Lacombe on Thursday to attend a Women's Institute meeting. The meeting was most interesting, a number of able addresses being given. In a social way the gathering has to be commended.

J. P. Kent is holding an auction sale of his farm and home-hold effects on Thursday, October 20th. Full details will be seen in advertisement in this issue.

A meeting of the supporters of the Ponoka Baseball Club will be held on Friday evening at 8:30 o'clock at the office of Dan Bush. This is a meeting to wind up the affairs of the club for 1921, and all should be present.

There will be a special U.F.A. service at the Eastside schoolhouse on Sunday, October 9th, at 3 p.m. It is expected that H. C. Moore, of Calgary, will speak. Everybody invited.

No complaint as to weather conditions in these parts. Just the overlying sunline, and our farmers are getting their "licks" in. Threshing is well over, and the grain has been secured in perfect condition, with the result that it should grade high. But there is no respite for the farmer at this time of the year. Harvest and threshing over, plowing commands attention, and already much land has been turned over. A week or two and nature will call a halt, then our farmer friends will have time to say hello to their town friends, and of course look up the editor, etc., etc. He has to live.

Striped of all frills, the Herald has received a somewhat warm communication from a taxpayer asking if there is a herd law in town. He had a nice vegetable garden, but on Monday afternoon several crows broke through the fence and ate the vegetables are gone. There is, or was a herd law governing the town, but whether our friend can claim damages or not, we cannot say. Better consult a lawyer.

All readers of the Edmonton Bulletin and Edmonton Journal watch for the Proctor-Gamble advertisement which will appear in the issue of October 11-12-13-14. Coupons will appear in the advertisement in one of these issues and can be redeemed at the U.F.A. store.

## International Company Will Have Control Of World Radio Facilities

Paris.—An international wireless conference for the control and development of the greater part of the world's radio facilities is in process of organization here by representatives of the wireless interests of Great Britain, France, Germany and the United States. Daily conferences are being held by delegates who expect to complete arrangements within two weeks.

The proposed agreement is the outgrowth of a desire of the four countries to place wireless on a sound commercial basis. The governments concerned have approved the conference and, it is understood, will back the organization which is expected to be formed.

Wireless facilities of the four countries will, in effect, be pooled, but each country under the plan will retain control over its respective territory. It is thus hoped to eliminate great

waste occasioned in the past by duplication of equipment by the different organizations and at the same time to place at the disposal of the international company unlimited funds for an extensive program of development and research.

The present conference followed up on the International Radio Congress which recently concluded two months' work in Paris and which recommended to all the governments represented greater use of wireless and closer cooperation between the big powers.

It has been estimated there are about 15 wave lengths in the world and one of the problems of the present movement is to divide them up. Another aim is to make wireless available for daily transmission of news. With an international agreement and the funds to be placed at the disposal of the company, the experts say this can be done.

## THE FINANCES OF SOUTH AFRICA IN BAD SHAPE, SAYS PREMIER SMUTS

Cape Town, S.A.—In a review of the financial position of South Africa to a delegation of civil service men who made representations regarding the abolition of the war bonus, Premier J. C. Smuts pointed out that the position had become worse since last year. The customs returns would probably be a million and a half sterling below the estimates. Chief sources of revenue showed shortage and, despite various measures including increased taxation to the extent of two and a half million, the deficit would be larger than the budget had provided for. Further taxation could not be contemplated and, moreover, retrenchment must be made.

kept within narrow limits. The railway position was even worse than the general public position. Nevertheless, the Premier was not despondent of the future as conditions were sound.

Cape Town Times. In commenting on the statement, the Premier declared that the government is acting honestly in its efforts to restore the country's finances and estimates that few countries can show in more favorable a position. As an example, it quotes the fact that South Africa's total debt is £125,000,000, of which £25,000,000 is unrepayable, while the remainder is for capital invested which makes an annual return, not far short of the interest charges.

## De Valera Agrees To Conference

Says It Is Practical Way to Reach Understanding.

London.—Ramon de Valera sent a communication to Mr. Lloyd George accepting the invitation to a conference in London, Oct. 11, with a view to a settlement of the Irish question. We received your letter of invitation to a conference in London, Oct. 11, with a view to a settlement of the Irish question. ## Fortune Awaits Missing Woman

Panic Stricken Miners Cooled Off 45 Years Ago.

Wentworth, Wash.—Nagata and his wife, who were the only survivors of a party of 150 who disappeared many years ago, are now being sought for. The party was last seen in 1895, and it is believed that they are still alive. The party was last seen in 1895, and it is believed that they are still alive. The party was last seen in 1895, and it is believed that they are still alive.

## Consider Securing Help For Russia

Relief Committee Will Not Appeal to League of Nations.

Geneva.—A recommendation that the assembly of the League of Nations appeal to its members for credits to Russia will not be made by the Russian Relief Committee, it was announced here.

## Five Large Collieries Will Be Closed

Action of British Mine Owners Causes Widespread Dismay.

Washington.—Five large collieries in Northern England have given notice that the mines will be closed in the near future. The properties include the Redburn, Whitburn, and others. The action of the mine owners, attributed to the shortage of coal, has caused widespread dismay among miners. Mr. Page reported that there are already more than 200,000 unemployed miners in that section.

## Australia Has Surplus For Year

Treasury's Report Shows Economic Strain Is Easing.

London.—A letter cable from Melbourne says the treasurer of the Australian Commonwealth, Mr. Scullin, has announced that the government has a surplus for the year of £2,500,000. The revenue for the year was £12,500,000, and the expenditure was £10,000,000. The surplus is the first since 1914.

The estimated revenue for the forthcoming year is £12,750,000, and the expenditure is £10,250,000, leaving a surplus of £2,500,000.

## Canada's Sea Fish Catch Decreases

Ottawa.—The total quantity of sea fish landed on both the Atlantic and the Pacific coasts during August this year was 77,877 cwts., valued at \$3,043,461. During the corresponding period in the preceding year 1,000,858 cwts. were landed with a value of \$3,167,137.

In British Columbia there were 41,512 cwts. of halibut taken during the month. In the same period last year 28,608 cwts. were taken. The salmon taken in British Columbia during August amounted to 224,766 cwts., about half the quantity landed during the same period last year.

## India Dissatisfied With Present Rule

Desires Measure of Autonomy Granted to Self-Government Dominions.

Toronto.—The Indian delegation to the Imperial Conference at London, which is to be held in the British Empire, can be secured only by ultimately granting to the Indian government a measure of autonomy. The Indian delegation to the Imperial Conference at London, which is to be held in the British Empire, can be secured only by ultimately granting to the Indian government a measure of autonomy.

## WESTERN EDITORS

Thos. Edison Says Good Times Coming

New York.—"Good times are coming," says Thomas A. Edison. "The tide already has begun to turn. Times are getting better now, slowly of course but surely. These periods of depression are caused by a faulty adjustment of our economic mechanism or by it, as the case may be."

Says Germany Must Go To Reparations Limit

Munich.—"We must go to the limit of our capacity with regard to reparations," says Wilhelm Barthmann, the German minister of reconstruction, declared before the congress of the Imperial Association of German Trades.

The Empire's Effort—And Sacrifice

One Man in Every Ten Laid Down Life In Great War.

From a return lately printed for the House of Commons, and published in the official Parliamentary report of May 2, we are now fully able to realize the magnitude of the effort made by the British Empire during the Great War.

The total number of men and women who served during the war amounted to the huge total of some 4,000,000 men and women.

Of these, 1,000,000 were killed in action, and 1,000,000 were wounded. The total number of men and women who served during the war amounted to the huge total of some 4,000,000 men and women.

## C.P.R. Reduces Rates On Livestock Shipments To St. Paul & Chicago

Urges Aiding Austria

Hon. A. J. Balfour Appeals to All Countries For Help.

Geneva.—Speaking in the assembly of the League of Nations on a resolution expressing the regret of the assembly that the reconstruction of Austria's finances had been delayed for a reason it was hoped would shortly be removed, Mr. A. J. Balfour said:

"The Allies had done all they could for the restoration of Austria. All that had been released their efforts to that end, he recalled, and he hoped that the Austrian people would not lose heart. He appealed to all the countries, in the general interests of Europe and for the credit of civilization to do all they could to enable Austria to regain her feet."

The following are quoted as examples of the new rates:

From St. Paul to Chicago 12¢; from Chicago to St. Paul 12¢; from St. Paul to Chicago 12¢; from Chicago to St. Paul 12¢.

World Record For Altitude

Airman Attained Official Height of 49,800 Feet

Dayton, Ohio.—Lieut. John A. MacReady, test pilot at McCook Field, shattered the world's altitude record, attaining an official height of 49,800 feet in the same lapar plane used by Major Udet of Germany on February 28, 1929.

Lieut. MacReady was in the air for 1 hour and 45 minutes, and he landed at Dayton, Ohio, after a total flying time of 1 hour and 45 minutes.

Sixteen years ago Mr. and Mrs. Schneider arrived in Garner, Ia., from Lisbon, N.D., 100 miles, using a horse and rig, after a 10-day trip. Recently they made the same trip in eight hours in an airplane with their son as pilot.

The Third International of Moscow has sent out a wireless appeal to the workmen of Europe to block arms and munitions shipments to Poland, Roumania, Rationals, Latvia and Lithuania, charging that a war was being prepared by Poland and Roumania against Russia.

Robert Donald, well known journalist and for several years chairman of the Empire Free Union, has written a letter to the London newspaper commenting on the absence of any scheme for constructing an inter-continental wireless telegraph chain. No letter yet of any importance and necessary labor for the unemployed can be found, said, through the creation of wireless.

**Takes Electricity From Air**  
New Generator Consists of Wire, Iron and Minerals.  
Demonstrations have been made on the streets of Denver of a new electric generator that is claimed by the inventor to take electricity from the air.  
The inventor, who is J. E. Ammann, of Denver, and his brother, C. E. Ammann, of Spokane, Wash.,  
To demonstrate, the brothers borrowed an old electric fan, took out the batteries and after replacing them with "atmospheric generator" fast, they got in and rode off at a high speed.  
"There is nothing inside the drum that moves; the contents consist only of iron, fire and minerals," says C. E. Ammann.  
"It can be used to drive any electrical apparatus and can be made in any size."  
The brothers are closely guarding their secret, and even take their "fans" when it is not in use to their room in the Argonaut Hotel. So far the brothers have not offered to sell their proposition.  
Electrical men in Denver are waiting "to be shown," but they grant the thing works.

**MUCH ILL-HEALTH DUE TO BAD BLOOD**  
If the Blood is Kept Rich and Red You Enjoy Health.  
More directions to health is caused by weak, watery blood than most of us realize. It is the cause of all the ills that afflict the human race. It is the cause of all the ills that afflict the human race. It is the cause of all the ills that afflict the human race.

**Preparing For Winter**  
By LORETTO C. LYNCH  
An Acknowledged Expert in All Matters Pertaining to Household Management.  
Two often winter approaches only to find the home maker totally unprepared for it. Unfortunately, therefore, there is very often much unnecessary suffering, as well as expense during the cold season. The thrifty housewife goes over her home thoroughly during the fall days and makes a note of needed repairs or alterations. So, whether you own the home in which you live or rent it, you should take stock of its condition. For instance, is the heating plant in working order?

**New Lamp Burns 94% Air**  
Beats Electric Or Gas.  
A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been developed by the U. S. Government and 25 leading universities and found to be superior to 100 ordinary oil lamps. It burns without odor, smoke or noise. It burns up, is simple, clean, safe. Burns 94% air and 6% common kerosene. Oil cost 10¢ per gallon. The inventor, T. S. Johnson, 550 Michigan Ave., Chicago, Ill., will help you introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$25 to \$500 per month.

**Parental Pride**  
"They're old folks now you know, Casey," said Dennis to his friend.  
"They're" replied Casey.  
"Do you have any trouble with them?" inquired Dennis.  
"Trouble?" repeated Casey. "I've never had to raise my hand to one of them, except in self-defense."

**Elements of Peace**  
England seems to have decided that it doesn't want to fight Ireland, and Ireland appears to have determined that it can't whip England. If that doesn't mean peace there is no hope.—Toronto Mail.

**A Practical Boy**  
Teacher: Which of the song birds do you like best, Tommy? The nightingale or the thrush?  
Tommy: I prefer the hen.  
Teacher: Why do you like her so much?  
Tommy: I know, but it's the only one whose song I care for.

**SUNDAY SCHOOL LESSON**  
LESSON FOR OCTOBER 9.  
PAUL AT EPHESUS.  
I. John's Disciples Become Christians (v. 17).  
These twelve disciples had only been taught the baptism of repentance as a preparation for the kingdom of God. Paul taught them to believe in Christ, that is, to receive Him as the One who had on the cross provided redemption for them.  
II. Paul Preaching in Ephesus (vv. 18-19).  
In the Jewish synagogue (v. 18), he realized that God had sent Him and that His authority was sent Him. (2) Reason. He reasoned with them. God's message is never sentimental nor arbitrary, but in accord with the highest reason. (3) Assurance. It is not enough to come boldly with a reasonable message; it must be accompanied by persuasion. (4) Concerning the kingdom of God. He did not discuss our current events, literature, or philosophy, but upon the message of salvation through Christ.  
III. God Working Miracles by Paul (vv. 19-20).  
Paul's earnest preaching had hardened the Jews. When they came out and spoke openly against this way of salvation in Christ, Paul separated the disciples from them and retired to the schoolhouse of Tyrannus.  
IV. A Great Awakening (vv. 17-19).  
I. Fear fell upon all (v. 17).  
The casting out of these evil spirits created an impression favorable to Christianity.  
II. A great awakening (vv. 18-19).  
Paul's earnest preaching had hardened the Jews. When they came out and spoke openly against this way of salvation in Christ, Paul separated the disciples from them and retired to the schoolhouse of Tyrannus.

**RED ROSE TEA**  
is good tea  
GOOD! Because its Fine Qualities Are Protected by the Sealed Package  
**Planting Sockeye Eggs**  
Will Aid in Restoring Run of Fraser River.  
Planting sockeye eggs, much as one plants potatoes or any other seed, is one of the new methods in use to increase the sockeye run in the Fraser River of the king of salmon. The eggs are planted under gravel. This is done in the conditions under which "he fish are hatched by natural means and is expected to yield better results than would be possible before. It is anticipated that this method will greatly aid in restoring the sockeye run of the Fraser River to a sound basis.

**DO YOU FEEL LIKE THIS WHEN YOU WAKE?**  
Do you feel blue, sickly, heavy, tired to get up? If so, it's your liver that is out of order. Your liver is the most important organ in your body. It is the great filter of the blood. It is the great filter of the blood. It is the great filter of the blood.

**Proves Value of Irrigation.**  
Farmers, Alberta, is a standard test money to the value of irrigation in Southern Alberta. Two years ago its soil was unbroken prairie and its surrounding land was a barren waste. Today there are twenty thousand acres under cultivation in the district. It is a standard test money to the value of irrigation in Southern Alberta.

**No Heat With Asthma.**  
Asthma usually attacks at night, the time when rest is needed most. Hence the loss of strength, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. B. Kellogg's Asthma Remedy has made many a man's life a life of ease. A trial will surely convince you.

**A Concise Epitaph.**  
The epitaph on the Professor George Trumbull Lusk composed for himself. "I have lived and loved and labored and all is well," seems to say it all about as concisely as possible. —Waterbury Republican.

**Standard shoes are being manufactured in England with the retail price, \$11, stamped on the sole.**

**The Perils of Neglect**  
Digestive ailments are frequently neglected. People say "It's only a touch of indigestion—it will go away." What begins as simple discomfort is allowed to become a serious chronic ailment. Never neglect the treatment of digestive derangement. To relieve disorders of stomach, liver, kidneys and bowels, Beecham's Pills act promptly and usually overcome the difficulty. Take

### Morningside

Miss MacKenzie, teacher of the Morningside school, spent the week-end with her friend, Mrs. James at Wood River.

Will Grant, who is teaching near Beatty, spent Sunday at his home here.

Miss Edith Dick, a former teacher here, has been a recent visitor with her friend, Mrs. Paul Pickett. Gordon Sutherland left last week to attend the University at Edmonton.

There will be no service at the Morningside church next Sunday owing to the anniversary services which are to be held at Fairview. Rev. H. Young, of Stettler, a former pastor, will preach at both services. A hearty invitation is extended to everyone to attend these services.

The many residents of this part of the country were shocked last Thursday to hear of the tragic death of Mr. Walter Smith. The late Mr. Smith had been a resident of this part of the country for a long time, having come in from the States about 20 years ago. The funeral took place last Sunday from the home of Mr. Hall to the Clive Cemetery.

Dr. R. C. Byers and wife, of Nickerson, Neb., and Dr. G. A. Byers, wife and daughter, of Sydney, Neb., who have been spending some weeks with their friends, Bernard, left for their homes last week. They were accompanied with Mrs. Byers, son, who has spent the summer here.

H. E. Woodward is doing a rushing business in the elevator these days.

Mr. and Mrs. Otto Fiegel, of Calgary, with their daughter Lena, are visiting at the homes of Roy and Paul Fiegel.

Clarence Sutherland, local E.C.D. agent, has given the creamery a coat of paint, which adds much to its appearance.

Mr. W. Wilson shipped two car-loads of lambs to Calgary last week.

## Who will Secure the Balance of Power at Ottawa?

THE FARMERS throughout the Dominion, encouraged by their success in Ontario and Alberta, and in the Dominion byelection at Medicine Hat, are now making a drive on Ottawa. The Dominion elections will be held within the next three months. Will the Meighen government be sustained? Will the Liberals or the Farmers be successful? Or will there be group government? These are questions that everybody is asking. You will be able to discuss them more intelligently if you subscribe for the

### EDMONTON JOURNAL

which will carry the fullest possible reports of election meetings in northern and central Alberta, and of the progress of the campaign, throughout the Dominion.

Daily, by Mail, \$8.00 Per Year.  
Wednesday and Saturday issues only,  
\$2.00 Per Year.

Order through your local agent, or direct from The Edmonton Journal.

Fill out the coupon  
to the Edmonton Journal  
and send it to  
the local agent  
or to the  
Edmonton Journal  
for which and on  
blank for one year.

Address

### Do We Take Small Accounts?

We do more than that. We invite them—welcome them—and take good care of them. If you wish to open a Savings Account for any particular purpose—or wish to teach the children to save by having an account in each child's name—do not hesitate to do so because the amount to be deposited will be small. \$1 is sufficient to open a Savings Account, and deposits of \$1 are always welcome.

CALGARY STOCK YARDS BRANCH E. A. THOMPSON, Manager.

### THE BREAD QUESTION

—at your house can be easily settled. Just quit the labor and uncertainty of home baking and make this bakery the source of your bread supply. Then you will always be sure of fine, toothsome bread on your table. There'll be no uncertainty, no disappointments. Our bread is perfect all the time.
